Author R. H. Greene vividly reimagines the harrowing and sensual Dracula mythos as a first person memoir written by Dracula himself. In this first of two volumes, the Medieval origins of Dracula and his three brides are chronicled using elements drawn from Slavic and pre-Christian religious traditions. Horror, wonder, violence and romance combine to reinvent one of literatures most fascinating characters for the modern era. Equally a historical adventure and a rumination on mortality and religion, Incarnadine offers a vibrant, picaresque view of the broad social tapestry of Eastern Europe in the late Middle Ages. The novel concludes with the first meeting between Dracula and Stoker protagonist Jonathan Harker, setting the stage for a lively reinvention of Stokers Victorian classic in Memoirs, Volume Two.
