Prometheus Books, 2018. Hardback. Condition: New. Language: English . Brand New Book. This accessible legal history describes how the Second Amendment has been interpreted throughout most of American history and shows that today's gun-rights advocates have drastically departed from the long-held interpretation of the constitutional right to bear arms. Readers looking to sort through the shrill rhetoric surrounding the current gun debate and arrive at an informed understanding of the legal and historical development of the right to arms will find this book...
