ACCOUNTING FOR INFRASTRUCTURE REGULATION: AN INTRODUCTION

World Bank Publications. Paperback. Book Condition: New. Paperback. 250 pages. Good information on financial and operational performance of utilities has always been required for good regulation. But sector reforms such as promoting competition and encouraging private participation make this even more important. As sector and corporate structures become more complex, with utilities operating in both competitive and regulated markets or across several jurisdictions, the cost allocation becomes both more critical and complex. Regulation that strengthens incentives for utilities to perform...
