

## 9787111234579 methods of mathematical physics (general higher education Eleventh Five-Year national planning(Chinese Edition)

By KE DAO MING

paperback. Book Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Paperback. Pub Date :2008-04-01 Pages: 319 Publisher: Machinery Industry Press title: Methods of Mathematical Physics (General Higher Education Eleventh Five-Year national planning materials) Original: 28.00 yuan: Ke guide Ming Press: mechanical industrial Publishing Date :2008-4-1 ISBN: 9787111234579 Words: 399.000 yards: 319 Revision: 1 Binding: Paperback: 16 Weight: Editor's executive summary the main content of the book material contains a complex variable function Introduction. Fourier transform. Laplace transform. using the method of separation of variables for solving partial differential equations. series solution of second order linear ordinary differential equations and Fu in the series. the solution of partial differential equations in cylindrical coordinates solution of partial differential equations in spherical coordinates. unbounded definite solution of regional problems. the Green function method for solving mathematical equations. The textbooks to electronic information class students mainly write object. suitable for use as electronic science. electronic engineering. communication engineering and applied physics partial electrical class professional students in methods of mathematical physics textbooks. Contents Preface Chapter 1 Introduction of complex function 1.1 plural and complex function 1.1.1 complex representation of a the 1.1.3 complex variable...

### Reviews

*Here is the best pdf i actually have go through till now. We have study and i also am certain that i am going to planning to go through once again once more in the future. You will not sense monotony at at any time of the time (that's what catalogs are for regarding in the event you question me).*

-- **Frederique Rolfson**

*A must buy book if you need to adding benefit. This really is for all those who statte that there had not been a really worth looking at. Your daily life period will likely be change when you complete reading this publication.*

-- **Veronica Hauck DVM**
