EVOLUTION OF THE TYPEWRITER (CLASSIC REPRINT) (HARDBACK)

Forgotten Books, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Excerpt from Evolution of the Typewriter The development of the typewriter industry is so closely interwoven with the history of modern progress that it is impossible to separate them. In fact, the type writer is responsible for much of the remarkable progress of the world during the last four decades. For this reason, a synopsis of its development should be interesting to every intelligent, progressive thinker. The fundamental purpose of the typewriter is to enable the typist, or operator, to do more and better work with less effort in a given time than can be done with the pen, and the value of the typewriter is measured by the extent to which it increases speed and legibility in making records or preparing messages for delivery. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy.
