

Fsharp in Your Pocket (Paperback)

By Alisha Austin

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.F# (pronounced F sharp) is a strongly typed, multi-paradigm programming language that encompasses functional, imperative, and object-oriented programming techniques. F# is most often used as a cross-platform CLI language, but can also be used to generate JavaScript and GPUcode. F# is developed by the F# Software Foundation, Microsoft and open contributors. An open source, cross-platform compiler for F# is available from the F# Software Foundation. F# is also a fully supported language in Visual Studio and Xamarin Studio.Other tools supporting F# development include Mono, MonoDevelop, SharpDevelop, MBrace and WebSharper. Plugins supporting F# exist for a number of widely used editors, most notably the Ionide extension for Atom and Visual Studio Code, as well as integrations for other editors such as Vim, Emacs or Sublime Text. This updated and expanded second edition of Book provides a user-friendly introduction to the subject, Taking a clear structural framework, it guides the reader through the subject s core elements. A flowing writing style combines with the use of illustrations and diagrams throughout the text to ensure the reader understands even the most complex of...
