## EXTRATERRESTRIAL CHANNELING: ALIEN ABDUCTION SYNDROME (PAPERBACK)

Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Extraterrestrial Channeling is the transcription of direct communications received by the author from entities belonging to other dimensions, planets and times. They re compiled to create a story and transmit vital information to those wanting to know more on the subject and make contact with their brothers and sisters from the sky. Communicating with aliens is easy; the important thing is to know how to listen, and in the midst of the endless ranges of frequencies there are also theirs. We do not need huge radio telescopes, we have the necessary technology already installed in our brains, and we just have to turn it on. To do it we must learn to be silent; to be patient, silent and present listening entities, attentive to every interior movement and subtle fluctuation of consciousness. The contact is there, the transmission is open and the information flow from both sides. Listening is the secret of transgalactic communication. And that s just the beginning. Knowing how to patiently, silently and attentively listen is also termed as meditation. Extraterrestrial Channeling tells you earthly and alien stories; it communicates information and life situations that adapt to this and other planets and takes you on an inner journey where you only know what is true and what to do with it.
