

Coping with Risk in Agric: Applied Decision Analysis (Paperback)

By J. Brian Hardaker, Ruud B. M. Huirne, Jock R. Anderson

CABI Publishing, United Kingdom, 2015. Paperback. Condition: New. 3rd edition. Language: English . Brand New Book. Risk and uncertainty are inescapable factors in agriculture which require careful management. Farmers face production risks from the weather, crop and livestock performance, and pests and diseases, as well as institutional, personal and business risks. This revised third edition of the popular textbook includes updated chapters on theory and methods and contains a new chapter discussing the state-contingent approach to the analysis of production and the use of copulas to better model stochastic dependency. Aiming to introduce agricultural decision making, probability and risk preference, this book is an indispensable guide for students and researchers of agriculture and agribusiness management.
