Chiysonovelty International, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.As the then head of the HIV/AIDS Counseling/ Referral Department of BUNDI International Diagnostics, I was in constant touch with those who stand the risk of HIV infection, those who are infected with the virus and those who are living with HIV/AIDS. I had first-hand knowledge of the test results of client. This, more than any other factor prompted me to write the book HIV does not mean Death. The Socio-Psychological perspective of HIV/AIDS: why most people Die of AIDS. The bible says that out of the abundance of the heart the mouth speaks (Matt. 12:34b), I have seen much and been highly challenged so I speak. This explains the many words and phrases that I used for the title of this book. Perhaps a less burdened person would have used fewer words. Also, the chapter headings equally portray this heaviness of heart. The purpose of this book is to expose the reader to the global realities of HIV/AIDS. To achieve these, we have five main objectives, namely: 1.To create awareness and educate the reader about HIV/AIDS 2.To convince the reader to know his or her status and, in so doing, to live positively. 3.To reveal to the reader the impact of HIV/AIDS to the individual, the community and the whole nation. 4.To call the reader to action to take proactive measures against HIV/AIDS and to shun stigma and discrimination against people living with HIV/AIDS. 5.To give an adequate guide towards an effective HIV Management and Mitigation. The first four chapters of this book are devoted to awareness creation and education about HIV/AIDS. From the first chapter I brought in my training in psychology and as a counselor to bear by bringing the reader...
