

Zimbra: Implement, Administer and Manage (Paperback)

Filesize: 8.34 MB

Reviews

This publication will never be effortless to begin on studying but extremely entertaining to learn. It is probably the most incredible publication i have go through. I realized this ebook from my i and dad suggested this publication to learn.
(Austin O'Connell)

ZIMBRA: IMPLEMENT, ADMINISTER AND MANAGE (PAPERBACK)

[DOWNLOAD](#)

Packt Publishing Limited, United Kingdom, 2007. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This is a practical book that contains many step-by-step examples for the reader to get their teeth into. Primarily, the book is designed to help the reader gain a deeper understanding of Joomla! and accessibility, but it can also be read as an introduction to assistive technology, disability, and the diversity of user requirements. The book also attempts to de-mystify accessibility and take it off the theoretical platform and firmly root it in the real world with tangible benefits for users of Joomla! This book is a guide to any Joomla! user who wants to make their sites more accessible and the author does assume that you have a basic working knowledge of Joomla! You don t need to know anything about accessibility -- the author tells you all that you need to know to make your Joomla! sites accessible to the widest audience. While some design skills and technical knowledge of HTML, CSS and PHP will be very useful you will still benefit from reading this book if you wish to understand more about assistive technology and the needs of people with disabilities. The book is distilled from years of hands on experience that the author has as a web developer and also working with people with disabilities.
