

## Railway Regulation: An Analysis of the Underlying Problems in Railway Economics from the Standpoint of Government Regulations (Classic Reprint) (Paperback)

By I Leo Sharfman

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Excerpt from Railway Regulation: An Analysis of the Underlying Problems in Railway Economics From the Standpoint of Government Regulations In the following pages an attempt is made to present an analysis of the leading problems in railway economics from the standpoint of government regulation in the United States. While it has been my purpose to vitalize the discussion by the liberal use of concrete illustrative material, the emphasis throughout has been placed upon the discovery of underlying causes and the consideration of fundamental principles. The historical development of railway transportation has been traced only in so far as early conditions and past events have been shown to throw light upon the meaning and significance of current practices and present day problems. The various stages in the growth of the American system of public control, state and national, have been given careful and detailed consideration because the principles and methods of railway regulation, as applied in the United States today, are the result of a gradual development. Both legislative enactment and judicial decision have slowly accommodated themselves to the irresistible pressure of our...

### Reviews

*A brand new e book with a new perspective. Better then never, though i am quite late in start reading this one. I found out this ebook from my dad and i advised this publication to find out.*

-- Hailee Hahn IV

*It becomes an amazing ebook that we have possibly read through. It is really simplified but surprises within the 50 % from the ebook. You can expect to like how the blogger compose this book.*

-- Ms. Shaina Legros III
