

Assessment of Communication Disorders in Children: Resources and Protocols

By M. N. Hegde

Plural Publishing Inc. Paperback. Book Condition: New. Paperback. 560 pages. Dimensions: 10.9in. x 8.5in. x 1.1in. This second edition of a high-demand text offers a unique combination of scholarly information, invaluable resources, and time-saving protocols on assessment of communication disorders in children. Most resource books offer limited research and scholarly information, thus making them unsuitable as textbooks for academic courses on assessment and diagnosis. Similarly, most traditional textbooks do not include practical, easy-to-use, and time-saving resources and protocols that the practicing clinicians can readily use during assessment sessions. By combining the strengths of traditional textbooks and newer assessment resources and protocols, this one-of-a-kind book offers a single, comprehensive source that is suitable as a textbook and useful as a practical clinical resource. While combining scholarly information needed for academic courses and practical tools for clinical assessment, this innovative book: Covers the full range of communication disorders in children, including nonverbal or minimally verbal children. Includes an extensive discussion of issues in using standardized tests along with detailed information on psychometric principles. Offers a detailed discussion of alternative assessment approaches that minimize the problems inherent to standardized tests. Describes a new, comprehensive, and integrated assessment approach that derives its strengths from the traditional as...
