Scholastic Australia, Australia, 2017. Hardback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. To the people of the planet of Pearl, vim is everything. Vim is an energy resource that exists deep beneath the surface. A life force, it approximates the idea of a human soul. When the people of Pearl die, their vim is returned to the soil. And each new baby takes a little back out. The company of Megacorp wants to change this natural process forever. They've found a way to mine the vim and use it to power numerous gadgets and machines on the surface. While this industry has given the planet's inhabitants a better quality of life, it threatens to shift the balance of their entire existence. Cirrus Stark is determined to stop them. When he is inducted into WAVE, a shadowy secret rebellion, he is determined to break Megacorp's monopoly and destroy the company. As he grows closer to the other members of WAVE and nears the achievement of his main objective, Cirrus realizes some startling things about the planet and his own place in the universe. He is just one piece of a larger cosmic puzzle. Will he ever comprehend the entire picture, or is he destined to simply perpetuate systems put in place millennia before?.
