Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.Excerpt from Biological Physics Physic Metaphysics, Vol. 1 The late Dr. Thomas Logan was born at Bargenoch, in the parish of Coynton, Ayrshire, and received his primary education there from the late Mr. John Smith, parochial schoolmaster, who was also the teacher of that Scottish genius the late George Douglas Brown, author of the House with the Green Shutters. He then passed to Anderson s College, Glasgow, and received his Clinical training at the Royal Infirmary. He always retained a high appreciation for all his old Professors, to whom he was indebted for so much. In due time, after examination, he got his license to practise from the Royal Faculty of Physicians and Surgeons of that city. He then entered the University of Aberdeen, and after several years of study he graduated M.D. there. Afterwards he was appointed House-Surgeon to Paisley Infirmary, and after spending a short time in that institution went to general practice in the south of Scotland, and then to Yorkshire, where he spent the rest of his life. All through his professional career he was busily engaged as a general practitioner and public health officer. He had the true scientific spirit, and was a great student till the end of his days, and was very well informed in geology, astronomy, and general literature. He was for many years a regular attender at all meetings of the British Medical Association, the International Congresses, and those of the British Association.
