Haymarket Books, United States, 2010. Paperback. Book Condition: New. 213 x 137 mm. Language: English . Brand New Book. In this urgent new book, Noam Chomsky surveys the dangers and prospects of our early twenty-first century. Exploring challenges such as the growing gap between North and South, American exceptionalism (including under President Barack Obama), the fiascos of Iraq and Afghanistan, the U.S.-Israeli assault on Gaza, and the recent financial bailouts, he also sees hope for the future and a way to move forward--in the democratic wave in Latin America and in the global solidarity movements that suggest real progress toward freedom and justice. Hopes and Prospects is essential reading for anyone who is concerned about the primary challenges still facing the human race. He has published numerous groundbreaking books, articles, and essays on global politics, history, and linguistics. Among his recent..
