

Handbook of Photo Journalism in the Digital Age

By B. S. Rao

Enkay Publishing, 2013. Hardcover. Condition: New. Dust Jacket Condition: New. 1st Edition. Photo journalism is a particular form of journalism the collecting, editing and presenting of news material for publication or broadcast that creates images in order to tell a news story. It is now usually understood to refer only to still images, but in some cases the term also refers to video used in broadcast journalism. Photojournalism is distinguished from other close branches of photography i.e. documentary photography, social documentary photography, street photography or celebrity photography by complying with a rigid ethical framework which demands that the work is both honest and impartial whilst telling the story in strictly journalistic terms. Photojournalists create pictures that contribute to the news media.
