Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from America and Britain As an admirer of Great Britain, I have felt free to speak quite openly and have not allowed myself merely to indulge in pleasantries and oratorical adulation. I have referred without reserve to the prejudices and misunderstandings of the past, which we hope are now laid definitely aside, and I have not shrunk from giving my own opinion of Britain's errors. If I seem to dwell on them too much, it is because I have desired not to give the appearance of avoiding disagreeable truths or what, at least, I deem to be truths. It is a privilege to speak in a frank and friendly way to a tolerant and kindly people. The article called the Background of American Federalism may be of interest at the present time when so many persons in Britain are discussing federalism, and if correct in its analysis of the disputes of the American Revolution - as I am confident after many years of study it is - it discloses, not only that the old British Empire is the source of the central principle of federalism, but also that the political problem now holding the attention of British students and men of affairs is in its essence of very long standing. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
