GOOGLE SUPER-VOTE FOR PRESIDENT IN 2016: GOOGLE IMAGES OF A NEW WORLD

Createspace, United States, 2014. Paperback. Book Condition: New. 229 x 152 mm. Language: English . Brand New Book ***** Print on Demand *****.Google Super Vote For President In 2016 is the pathway for how to use Google s new voting technology for something much better than just picking the winner of American Idol and much better than just voting for the same old Usual Suspects that they force upon us from the two Parties. Today we can use this same Internet Technology to select from a much wider range of candidates in the next Presidential Election PLUS select from and encourage a much wider range of ideas. Let s make the United States of America live up to it s historical promise of becoming a real democracy. Why do we still use an old and antiquated technology designed during the horse-and-buggy days, when there was no Internet, there was no electricity, not even phones or electric lights? Why not upgrade our system of government to actually use today s modern technology where we can use Google Super-Vote and the rest of the Internet to choose from a much longer list of candidates that could be in the thousands, each of them with completely new ideas and real common-sense solutions to our biggest problems, instead of the ones we get from the freshly-bribed in Congress, the power elite which I call - The very puny and greatly undersized Brain Trust? Google s corporate motto is Do No Evil . And, though, this motto expresses, a highly unambitious goal, at least they strive to do nothing wrong every day. With Google making the Super-Vote technology available to all of the voting public in America today, they will be able to change their motto to Do Lots of Good instead, a far more...
