CHEMOMETRICS ASSISTED UV - SPECTROPHOTOMETRY

Mulualem Kassa
Chemometrics Assisted UV-Spectrophotometry
Simultaneous determination of Topical binary mixtures containing benzoic acid, salicylic acid and resorcinol

Condition: New. Publisher/Verlag: LAP Lambert Academic Publishing | Simultaneous determination of Topical binary mixtures containing benzoic acid, salicylic acid and resorcinol | Chemometrics-assisted spectrophotometric methods were developed for simultaneous determinations of binary mixtures of (1). benzoic acid and salicylic acid, and (2). resorcinol and salicylic acid mixture (whitefield ointment, luna soap, and dorin emulsion). The uv absorption spectra of the studied compounds in the range of 200-400 nm, showed considerable degrees of spectral overlapping (between 87.6% for benzoic acid...

Reviews

Absolutely among the best book We have ever study. It is actually writter in easy words instead of hard to understand. I found out this publication from my i and dad encouraged this book to find out.

-- **Kristina Rippin**

Without doubt, this is the very best work by any writer. Indeed, it can be play, still an amazing and interesting literature. I am just very easily can get a pleasure of reading through a written pdf.

-- **Alda Barton**

It becomes an incredible ebook which i have at any time go through. It normally fails to charge excessive. Your daily life period will be enhance the instant you full reading this article book.
