THE COLOR-PRINTS OF OLD JAPAN (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from The Color-Prints of Old Japan What are they? Is a question often asked by those looking for the first time at a collection of Japanese prints. To say that they are chromoxylographs, is to give an answer strictly accurate. But as this is more concise than simple, it may be well to say in non-technical, popular language that they are prints in colors from engraved wooden blocks, as many blocks and impressions ordinarily being required as there are colors. In Europe towards the end of the eighteenth century similar prints were produced, but as their reception by the public was not such as to encourage their makers, there was no development of the art comparable with that in Japan in the same century.
