Summary: "Long awaited, much anticipated, and truly a magnum opus, Body Encyclopedia brings together many decades of research and clinical practice. Lisbeth Marcher, Sonja Fich, and their colleagues have produced an unparalleled system of both diagnosis and treatment that will place body psychotherapy, and especially Bodydynamics, in the mainstream of both psychotherapy and medicine. This work is both scientifically rigorous and accessible to all professionals in the field of health care." -Jacqueline A. In an outstanding class of its own, it contains the most precise anatomical understanding of the human condition along with numerous practice exercises generously articulated throughout the book. This offering from Lisbeth Marcher, Sonja Fich, and their Bodydynamic colleagues brings a whole new level of essential knowledge to the field." -Ian Macnaughton PhD, RCC, past president of the BC Association of Clinical Counsellors and editor of Body, Breath, and Consciousness and Embodying the Mind and Minding the Body " Body Encyclopedia...
