AUTHORHOUSE, United States, 2004. Hardback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*. Poetic Reality-in a complicated world, is a book of poems unlike most. The title explains the overall understanding. This book is about real life issues, written into poems. It also covers several other topics, and has several meanings. The most important meaning contained within the book is the understanding of self importance. We are faced with many adversities in our lives, and for the most part these adversities can cloud our understanding of who we truly are. Often times we give in to these conditions and find ourselves in a state of depression, whether it be major depression, or minor. Poetic Reality- in a complicated world, allows the reader to understand the several emotions, or feelings they may experience while attempting to cope with these trying times, and even though these gray times are present in our lives, they don t have to completely consume one s existence. Better days will follow, as long as we can be real to ourselves and keep in mind how important we truly are to ourselves. This book will assist the reader in understanding that we all experience adversity at one time or another. It is truly up to us to figure out how to deal with these times. The poems in this book are from emotional experiences author Samuel Davis Jr., has experienced in his life, as well as shared feelings from his family and friends. Poetic Reality is about real life, as we continue our learning from life s lessons, through trial and error.
