Pearson, United States, 2010. Loose-leaf. Book Condition: New. 2nd. 274 x 213 mm. Language: English . Brand New Book. ChineseLink, 2e provides a practical, learner-centered and enjoyable language and cultural learning experience for beginning students of Chinese, as well as an efficient and comprehensive teaching resource for instructors. This best-selling text takes care to introduce and explain grammar points clearly and systematically, yet not in a fashion that would be overwhelming to beginners. In keeping with the communicative focus of the text, grammar points are related to communicative task-oriented content. The textbook presents both traditional (complex) and simplified versions of Chinese characters, since learners will encounter both forms during their course of study or in travel abroad. Photographs and drawings make the text vivid and eye-catching, and to provide visual cues to aid in communicative exercises and activities. And the Video Program to accompany the Language in Use sections enhances the in-text dialogues by presenting them in authentic settings. This Books a la Carte Edition is an unbound, three-hole punched version of the textbook and provides students the opportunity to personalize their book by incorporating their own notes and taking only the portion of the book they need to class all at an affordable price.
