Createspace Independent Publishing Platform, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. If you have a garden or a lawn you must be keen on adding some zing to it. So what do you do? Plant some lovely flowers, some ornamental trees, and an attractive statue with some lights? Probably you also stretch and hire a landscape consultant to help you bring an element of dynamism to your garden. Let me keep it simple and sweet! How about adding some (wild) life to your garden? Flowers and ornamental plants are nice, but your garden can definitely come to life with birds. In the world that has turned so urban, I am sure you seek some patch of the natural world that you can label as your own. For many in cities, even a window that opens up to a green patch like a park or a public garden could be luxurious and refreshing. You seem to be the fortunate variety to own and boast of a beautiful garden with attractive flowers and plants.
