

The Equinox Sequence: Fur: The First Luna Beasts (Paperback)

By Andi Katsina

Createspace Independent Publishing Platform, United States, 2016. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.This fast paced werewolf fantasy novel is a tale of how the first werewolves came about. Set in 1780, the story follows the Taigi Family as it is ripped apart through the greed of the eldest son, Raim, the death of the patriarch, baron Nero Taigi, and the realization that the baron's only daughter, Aquila, has become a Luna wolf. Aquila's emotionally torn transition is helped along by the arrival of her lost love, Bruno Vienne, a lieutenant in Washington's army. Bruno himself is half-savaged on the night of a full moon by a caged beast, who, unbeknownst to him, is the love of his life, Aquila. The youngest son, Eiso, promised to the church by baron Taigi, in accepting a position as a knight in the order of Agonic, sets out to hunt his brother and bring him to justice. Though he, too, made immortal by a bite from his dying father, gets much more than he bargained for.

Reviews

A top quality ebook and the typeface used was interesting to read through. It is really intriguing through reading through period. You won't feel monotony at anytime of the time (that's what catalogues are for relating to when you ask me).
