Connected Minds, Emerging Cultures: Cybercultures in Online Learning (Hardback)

By -

Information Age Publishing, United States, 2009. Hardback. Book Condition: New. 234 x 157 mm. Language: English . Brand New Book. As the title indicates, this book highlights the shifting and emergent features that represent life online, specifically in and around the territory of e-learning. Cybercultures in themselves are complex conglomerations of ideas, philosophies, concepts, and theories, some of which are fiercely contradictory. As a construct, cyberculture is a result of sustained attempts by diverse groups of people to make sense of multifarious activities, linguistic codes, and practices in complicated and ever-changing settings. It is an impossibly convoluted field. Any valid understanding of cyberculture can only be gained from living within it, and as Bell suggests, it is made up of people, machines and stories in everyday life. Although this book contains a mix of perspectives, as the chapters progress, readers should detect some common threads. Technology-mediated activities are featured throughout, each evoking its particular cultural nuances and, as Derrick de Kerckhove (1997) has eloquently argued, technology acts as the skin of culture. All the authors are passionate about their subjects, every one engages critically with his or her topics, and each is fully committed to the belief that e-learning is...
