## DOLLARS AND SENSE

Condition: New. Publisher/Verlag: HarperCollins US | How We Misthink Money and How to Spend Smarter | New York Times bestselling author, Dan Ariely delves into the truly irrational world of personal finance, blending humor and behavioral economics to help people understand the psychology behind their financial decisions and show them how they can make better ones. | Why is paying for things painful? Exploring a wide range of everyday topics—from the lure of pain-free spending with credit cards to the pitfalls of household budgeting to the seductive power of holiday sales—Ariely and Kreisler demonstrate how our misplaced confidence in our spending habits frequently leads us astray, costing us more than we realize, whether it's the real value of the time we spend driving forty-five minutes to save \$10 or our inability to properly assess...
