# Golden Ages of Philosophy: Contributions to Classical and Neo-Classical Philosophy (Paperback)

By Nathan Coppedge

Createspace Independent Publishing Platform, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Very likely the most comprehensive work on the history of philosophy around the world, and the only one of its kind, now with highly extensive writing on the very recent history of philosophy. Coppedge divides the history of all philosophy into four distinct epochs: the Classical, the Neo-Classical, the Eastern, and the Pre-Historical. His hope is to bridge the gap in history of philosophy, and dispel the myth of an un-surmountable dark age. Coppedge has interpolated a multitude of philosophers using special techniques: there are systems and aphorisms by Plato, Socrates, Aristotle, Thales, Anaximander, Anaximenes, Pythagoras, Xenophanes, Heraclitus, Protagoras and other Sophists, Zeno, Pyrrho, Epictetus, Locke, Kant, Novalis, Wittgenstein, Chinese philosophers, and numerous others. This work, dedicated to an above all technical and useful, thus, meta-modern approach to history, will dazzle with its combination intelligence and wisdom shown through the art of exponential re-interpretation.
