Reviews

This composed pdf is wonderful. Indeed, it is actually perform, continue to an amazing and interesting literature. I found out this pdf from my i and dad suggested this pdf to understand.
(Simeon Legros Sr.)

GENERAL PATHOLOGY AND PRINCIPLES OF MEDICINE FOR STUDENTS AND PRACTITIONERS OF DENTISTRY (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from General Pathology and Principles of Medicine for Students and Practitioners of Dentistry From a still more practical standpoint, general pathology is necessary for an understanding of the oral manifestations of systemic disease. For example, syphilis, Often in its most infectious forms, occurs as lesions in the mouth. The disease might very readily be inoculated into the dentist s finger by a puncture wound or through a minute skin defect, or it might be carried on an unsterilized instrument to another patient. A proper realization of the need for asepsis in dentistry can not be gained except by a study of the principles of pathology and Of the elements at least Of clinical medicine. Unless the dentist knows that the causative agent of many infectious diseases, from colds to cerebrospinal meningitis, may be present in the oral secretions of his patient, his aseptic technic sooner or later is very apt to become most perfunctory in character. The administration of general anesthetics by dentists certainly makes some knowledge of elementary clinical medicine highly desirable. Grave heart disease may be suspected by blueness or cyanosis of the lips and gums and severe anemia by the pallor of the mucous membranes. In short, dentistry is but a special field of medicine. The two were originally the same profession and of late years as the dental field enlarged to Oral Surgery, Orthodontia, and Prophylaxis of Oral and Systemic Infections, Dentistry and Medicine are again coming closer together. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at This book is a reproduction of an important historical work.
