Excerpt from Stanley in Africa: The Wonderful Discoveries and Thrilling Adventures of the Great African Explorer, and Other Travelers, Pioneers and Missionaries A Volume of travel, exploration and adventure is never without instruction and fascination for old and young. There is that within us all which ever seeks for the mysteries which are hidden behind mountains, closeted in forests, concealed by earth or sea, in a word, which are enwrapped by Nature. And there is equally that within us which is touched most sensitively and stirred most deeply by the heroism which has characterized the pioneer of all ages of the world and in every field of adventure. How like enchantment is the story of that revelation which the New America furnished the Old World! What a spirit of inquiry and exploit it opened! How unprecedented and starting, adventure of every kind became! What thrilling volumes tell of the hardships of daring navigators or of the perils of brave and dashing landmen! Later on, who fails to read with the keenest emotion of those dangers, trials and escapes which enveloped the intrepid searchers after the icy secrets of the Poles, or confronted those who would unfold the tale of the older civilizations and of the oceans island spaces. Though the directions of pioneering enterprise change, yet more and more man searches for the new. To follow him, is to write of the wonderful. Again, to follow him is to read of the surprising and the thrilling. No prior history of discovery has ever exceeded in vigorous entertainment and startling interest that which centers in The Dark Continent and has for its most distinguished hero, Henry M. Stanley.
