

## The Visual Encyclopedia of American Landmarks: 150 of the Most Significant and Noteworthy Historic, Cultural and Architectural Sites in America, Shown in More Than 500 Photographs (Hardback)

By Thomas W. Paradis

Hermes House, United Kingdom, 2016. Hardback. Condition: New. Language: English . Brand New Book. This fascinating book contains more than 150 significant landmarks of the United States of America. It includes places of military history and conflict, recreation grounds and public spaces, and skyscrapers built using groundbreaking design and construction techniques. An historical overview of every landmark details the reason for its existence, methods of construction and development, important architectural considerations, and associations with culturally important events or people. Here is the perfect reference for students of American social history and architecture, as well as those keen to travel and see the best of what each state has to offer.
