Reviews

These kinds of pdf is every thing and helped me hunting ahead plus more. It generally does not cost too much. I am delighted to tell you that this is actually the finest publication we have study in my personal life and might be he finest ebook for at any time.
(Dr. Veronica Hoppe)

UNBUNDLED NETWORK ELEMENT

Part Press Alphascript Publishing. Taschenbuch. Condition: Neu. Neuware - Unbundled Network Elements (UNE) are a requirement mandated by the United States Telecommunications Act of 1996. They are the parts of the telecommunications network that the incumbent local exchange carriers (ILECs) are required to offer on an unbundled basis. Together, these parts make up a local loop that connects to a digital subscriber line access multiplexer (DSLAM), a voice switch or both. The loop allows non-facilities-based telecommunications providers to deliver service without laying network infrastructure, such as copper wire, optical fiber, and coaxial cable. 80 pp. Englisch.
