An oval sphere of light opened up, with the glass object in its center. The light was still red, but the humming sound had stopped. The oval was about two meters in diameter, much taller than Leo was. Bucky turned around and looked at Leo, barked again at the light and walked closer towards it. As soon as he touched it, it turned green, and to Leo's surprise Bucky was gone. Leo rubbed his eyes, staring at the light. It had changed back to red but it was still there. Bucky was nowhere to be seen. What had just happened Leo thought even more scared than before, but he was also overwhelmed with curiosity. He walked towards the light. He wasn't sure but didn't he just hear a familiar bark? In Into the Light nine-year-old Leo and his Bernese mountain dog Bucky embark on the adventure of their lifetime when Leo accidentally opens a Portal that leads him and his friend into a very different universe. Suddenly alone, Leo and Bucky are stuck in the middle of an ancient struggle. They have to fight droids and rock monsters, find a way back home and most importantly, help to save the universe. A clever sci-fi story, action-packed suspense, fun read and an author to watch are just a few of the reviews for Into the light - a must read for Kids Age 8-14. This item ships from La Vergne, TN. Paperback.
