Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.The most profound discovery for me in this century is that anyone and absolutely anyone can be rich, wealthy and financially free. I have seen people who were intellectually rich yet financially poor; and I see people who are intellectually poor yet financially rich and wealthy. I am convinced therefore that there is a way to make money, create wealth and be rich, wealthy and financially free for life. It has nothing to do with the circumstances of your birth, education, profession or skill. What is important is not the knowledge of how to be rich or create wealth but the will to use this knowledge step-by-step despite the odds, which are frightful and intimidating at times, to achieve our financial goal. This book. Voyage to Financial America aka the Ultimate Search for Financial Freedom is about personal financial development, written with a view to guiding you into achieving that ultimate personal financial significance and relevance. It is presented in five chapters, which contains five stages or steps namely; the Get Income Stage, the Start Saving Stage, the Start Investing Stage amongst others. The author has taken time to expound on these stages carefully showing how they are intertwined, and how they lead ultimately to Financial America or you could say, Financial Freedom.
