

## Project Management: Interview Questions

---

By Sham Sheikh, Shivprasad Koirala

BPB Publications, 2008. Softcover. Book Condition: New. First edition. This book is best suited for team leads who want to jump in to the project management role and as well as for seniors who want to have a quick revision from project management interview perspective. It starts with basics of project management fundamentals like ROI, stake holders, MOU, SDLC, CAR, DAR, traceability matrix and then rises towards more sophisticated questions. Estimation is the most frequented section during project management interviews. A full chapter with 40 questions is dedicated to estimation. This chapter covers the most used estimation methodology like COCOMO, LOC, Function points and Use case points. Many project managers fall out when it comes to answer questions on schedule management. Full chapter on schedule management covering fundamentals like EST, LFT, EFT, LST, PERT, GANT and Monte Carlo. We are sure by knowing these fundamentals you can not slip. This book does full justice by dedicating a complete chapter to costing. The costing chapter covers the most asked fundamentals like Earned value, planned value and Actual cost with some real examples. Small and sweet chapter on risk management which covers basics like DR and BCP. CMMI which has evolved as...
