

Cyclopedia of Architecture, Carpentry, and Building Volume 7; A General Reference Work

By American Technical Society

Rarebooksclub.com, United States, 2012. Paperback. Book Condition: New. 246 x 189 mm. Language: English . Brand New Book ***** Print on Demand *****.This historic book may have numerous typos and missing text. Purchasers can download a free scanned copy of the original book (without typos) from the publisher. Not indexed. Not illustrated. 1916 Excerpt: .eye w at right angles to the axis of a cylinder of which the circle is an end. Rule 20. The elements of the cylinder appear to converge in the direction of the invisible end. This convergence is not represented when the cylinder is vertical. Note 1.--Less than half the curved surface of the cylinder is visible at any one time. Note 2.--The elements of the cylinder appear tangent to the bases and must always be represented by straight lines tangent to the ellipses which represent the bases. When the elements converge, the tangent points are not in the long axes of the ellipses. See Fig. 12, in which if a straight line tangent--f j to the ellipse be /irawn, the tangent points will J x / be found above the long axes of the ellipses. pig. la. The cone. Exercise 9. The Cone. Hold the...

Reviews

This composed pdf is excellent. We have go through and that i am certain that i am going to likely to read again once more down the road. I am just happy to explain how this is basically the very best publication i have go through within my own daily life and can be he best publication for actually.

-- **Anika Kertzmnn**

It in a single of the best pdf. Better then never, though i am quite late in start reading this one. I realized this ebook from my dad and i encouraged this publication to understand.
