

Lehne's Pharmacology for Nursing Care

By Jacqueline Burchum, Laura Rosenthal

Elsevier - Health Sciences Division, United States, 2015. Paperback. Book Condition: New. 9th Revised edition. 274 x 220 mm. Language: English . Brand New Book. Known for its clear explanations of drug prototypes and how they work, Lehne's Pharmacology for Nursing Care, 9th Edition provides a solid understanding of key drugs and their implications for nursing care. A perennial student favorite, this book simplifies complex concepts, using large and small print to distinguish need-to-know drug content from the material that's merely nice to know. New to this edition are quick-reference summaries of prototype drugs, safety alerts, and a stronger QSEN focus. Written by noted nursing pharmacology instructors Jacqueline Burchum and Laura Rosenthal, this text helps you understand pharmacology as opposed to merely memorizing drug facts.

Reviews

These types of ebook is the best book available. It really is written in easy terms instead of hard to understand. You will like just how the article writer created this book.

-- **Krista Nitzsche Jr.**

This book might be worth a study, and superior to other. It can be written in easy words and phrases and never confusing. I am just happy to inform you that here is the greatest ebook I have got read within my personal daily life and may be the best pdf for actually.
