Reviews

A must buy book if you need to adding benefit. This is for anyone who statte that there had not been a well worth reading through. Its been designed in an exceptionally straightforward way which is simply right after i finished reading this book where basically changed me, change the way i think.

(Adrien Robel)

PHYSICS: ARABIC EDITION (PAPERBACK)

Lulu Press Inc, United Kingdom, 2014. Paperback. Condition: New. Language: Arabic . Brand New Book ***** Print on Demand *****.Modern physics is in a mess. More and more incredible theories are propounded about the universe consisting of strings or waves or hyper-dimensional knots or whatever. There is so much nonsense being proposed that one simply cannot believe that the human mind can dream such things. This is a technical book, not designed for the common man. A basic understanding of modern physics is assumed. Essentially, it tweaks the findings of modern physics to make sense of everything in a simple way.
