Paperback. Book Condition: New. Paperback. 164 pages. Us Against Them unites religion, politics and science under one theory. Investigations include: 1) Why we kill each other in the name of religion; 2) How political and scientific ideologies function as religious ideologies; 3) Why rural America is intrinsically more conservative than metropolitan America. It presents an overarching theory that belief systems form the basis of tribal identity and this property was influenced by natural selection as a means of increased social bonding which improved reproductive fitness. Beliefs are processes that divide population groups into us and them affecting major areas of human culture including politics, economics, religion and science. Arguments attempt to prove that the religiousconservative mindset is inherently more tribal than the secularliberal, and how religion originated and was instrumental in shaping the behavior and thought of humans as a primary means of tribal identification and an essential component of human culture. This item ships from multiple locations. Your book may arrive from Roseburg,OR, La Vergne,TN. Paperback.
