Forgotten Books, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from A Medical Revolution: Influenza Statistics Show Old School Death Rate Forty Times as High as the Osteopathic Figures; Osteopathy s Wonderful Achievements in Other Diseases Still more startling, perhaps, to the average reader than the epidemic statistics, may be the fact heretofore un published that osteopathy has grown so rapidly that it now leads all of the special schools of medicine in this country. The public is yet unaware of the fact that osteopathy is sec ond only to the so-called old school of practice. There are now more osteopathic colleges in the United States than home opathic. More osteopathic physicians are being licensed every year than homeopathic. This constitutes an amazing change in the status Of the practice of medicine in America.
