Journalism: A Very Short Introduction (2nd Revised edition)

By Ian Hargreaves

Oxford University Press. Paperback. Book Condition: new. BRAND NEW, Journalism: A Very Short Introduction (2nd Revised edition), Ian Hargreaves, Journalism entered the twenty-first century caught in a paradox. The world had more journalism, across a wider range of media, than at any time since the birth of the western free press in the eighteenth century. Western journalists had found themselves under a cloud of suspicion: from politicians, philosophers, the general public, anti-globalization radicals, religious groups, and even from fellow journalists. Critics argued that the news industry had lost its moral bearings, focusing on high investment returns rather than reporting and analysing the political, economic, and social issues of the day. Journalism has a central and profound impact on our worldview; we find it everywhere from newspapers and television, to radio and the Internet. In the new edition of this thought-provoking and provocative Very Short Introduction, Ian Hargreaves examines the world of contemporary journalism. By looking not only at what journalism has been in the past, but also what it is becoming in the digital age, he examines the big issues relating to reportage, warfare, celebrity culture, privacy, and technology worldwide. ABOUT THE SERIES: The Very Short Introductions series from Oxford...
