In this publication the history of Marine Attack Squadron 311 is traced from its commissioning in December 1942 through three wars and several evolutions during which the unit made the transition from a fighting squadron flying propeller-driven planes to a modern attack squadron equipped with high-performance jet aircraft. The history was prepared principally from primary sources such as command diaries and chronologies, published historical works, and recollections of Marines involved. Marine Attack Squadron 311 was conceived as a Fighting Squadron during the rapid buildup of forces which followed the Japanese attack on Pearl Harbor. The squadron participated in World War II and was assigned occupational duty in Japan upon cessation of hostilities. During the Korean conflict, the squadron again saw combat, this time as a jet fighter squadron. When Marine air was committed in Vietnam, VMA-311 was one of the first attack squadrons to deploy to Vietnam and one of the last to leave. While this history deals with one particular squadron, it exemplifies the many Marine squadrons whose development and employment parallel that of VMA-311. This item ships from La Vergne, TN. Paperback.
