By Susan Cummins Miller

Texas Tech Press,U.S. Hardback. Book Condition: new. BRAND NEW, Quarry, Susan Cummins Miller, 'Wonderful.Frankie suspects that a serial killer may be on the loose, a man who is so good at assuming new identities that he almost resembles the shape-changers of Native American myth. When Frankie is asked to join a geological expedition into the Mojave desert, she jumps at the chance to get away from the mayhem, but trouble follows her, with near-fatal results' - "Mystery Scene". 'Try getting your doctorate in geology, no less as your friends and colleagues are being attacked and murdered. Try finding out that your ex-fiance has been plagiarizing your work, and then discover that he's disappeared and might be dead. And then you still have to be able to tell creosote from andesite and basalt.An engaging read' - "Tucson Weekly". 'The story opens with Frankie still preparing for the defense of her doctoral dissertation. But MacFarlane has more problems than that. It appears her manipulative ex-boyfriend is not dead but threateningly alive. And then her major professor is the victim of a mailbox bomb, possibly intended for MacFarlane. And that is just the beginning of the mayhem' - "Arizona Daily Star". As geologist...

Reviews

Completely essential read through book. It normally is not going to charge an excessive amount of. I found out this book from my dad and i advised this pdf to find out.
