The publication is simple in go through preferable to fully grasp. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

DIARY OF A WOUNDED HEALER (PAPERBACK)

Createspace Independent Publishing Platform, 2015. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Mary grew up and attended college in Montgomery County, a wealthy suburb of Philadelphia, Pennsylvania. In her diary entries, she describes sexual experiences and adventures within hookup culture from age 17 through graduate school. In an attempt to escape her chaotic home life Mary found the idea of what higher education purposed to offer very appealing, although she realized at the end of the summer before college began what she really wanted was to marry young and have a lot of children which didn't seem to be supported by many educational institutions at the time. Everyone thought Mary had mono, but that's not why she was missing at the end of her junior year! If anyone on campus would have cared maybe they would have figured out she was in a full body cast at her stalker's house for weeks. Mary was told by her stalker to call her family and tell them she would be doing a summer fellowship and living on campus for the summer. All the administration staff at her college readily believed her stalker was her father because he got her incompletes for the semester. He also acted as her father at the hospital because her stalker had a camera in Mary's dorm room and he took her to the hospital...
