Cosmicjustice.Net Publishing, United States, 2011. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.If you have ever wondered why people of unremarkable ability, work ethic, or, for that matter, accomplishment succeed and prosper in corporations, Corporate Success For the Mediocre will demystify this phenomenon in an easy-to-grasp and actionable guide. If you are yourself, indeed, mediocre, this book provides specific steps, heuristics, and rules that you can follow to greatly increase your own chances of success. Learn how to exploit the particular dynamics of corporations, teams, and your fellow co-workers to your advantage. Because if there is one thing the mediocre are not - it is too lazy to make an effort. The explanations used are particular to today's workplace culture and are relevant and timely, requiring few leaps of faith: most readers will recognise the situations and anecdotes from their own experiences in corporations. The author, Arturo Bello, has more than a dozen years experience working in large, global companies and draws upon his broad career and acute understanding of human psychology to create this essential guide for the mediocre. And an explainer for the rest of us.
