By Eric Flint, Charles E. Gannon

Baen Books, United States, 2015. Book. Condition: New. Reprint. Language: English . Brand New Book. This is book number 14 of Eric Flint s New York Times and Wall Street Journal best-selling alternate history series, Ring of Fire. Eddie Cantrell, now married to the king of Denmark s daughter, is sent by Admiral Simpson to the Caribbean to secure access to the most valuable commodity on that continent - not the gold and silver which the Spanish treasure, but the oil which up-time machines and industry need. The admiral has also provided Eddie s small task force with the new steam-powered frigates that have just come out of the navy s shipyards. Even with the frigates, a giant obstacle stands in his way: the Gulf-girdling Spanish presence in the New World. So a diversion is needed, carried out by an up-time car mechanic and a down-time mercenary colonel who also happens to be the last earl of Ireland. Their mission: grab the oil fields on Trinidad, and so distract the attention of Spain s New World governors.
