Milton - By Mark Pattison. If Milton's genius did not announce itself in his paraphrases of Psalms, it did in his impetuosity in learning, which I seized with such eagerness that from the twelfth year of my age, I scarce ever went to bed before midnight. Such is his own account. And it is worth notice that we have here an incidental test of the trustworthiness of Aubrey's reminiscences. Aubrey's words are, When he was very young he studied very hard, and sate up very late, commonly till twelve or one o'clock at night; and his father ordered the maid to sit up for him. John Milton (9 December 1608 - 8 November 1674) was an English poet, polemicist, man of letters, and civil servant for the Commonwealth of England under Oliver Cromwell. He wrote at a time of religious flux and political upheaval, and is best known for his epic poem *Paradise Lost* (1667), written in blank verse. Milton's poetry and prose reflect deep personal convictions, a passion for freedom and self-determination, and the urgent issues and political turbulence of his day. Writing in English, Latin, Greek, and Italian, he achieved international renown within his lifetime, and his celebrated *Areopagitica* (1644), written in condemnation of pre-publication censorship, is among history's most influential and impassioned defences of free speech and freedom of the press.
