Quartet Books. Paperback. Book Condition: new. BRAND NEW, Dark Knights of the Soul (First), Jeremy Simpson, The heroic ideals of the Templar and Teutonic Knights live on through the charitable groups working today under their names. Yet, like Alistair Crowley or more recently, the leader of the Swiss suicidal cult, the Order of the Solar Temple, corrupt individuals have sometimes claimed to be ancient Templars incarnate. Dark Knights of the Soul tells of a neo-Templar Order located on the Swiss/German border at the end of the 20th century. The public image they project is of the original Templar: one of protection of Jerusalem and its holy shrines. However their ambition is to control the Temple Mount under the auspices of the United Nations. To achieve this they plan the destruction of the Moslem Dome of the Rock using men dressed as Israeli soldiers. They ally themselves with a neo-Teutonic order of Knights, whilst the charismatic Grand Master of the neo-Templar Order prophesises the 9/11 attacks on America. He claims access to the Holy Grail in a hidden Templar abbey in Armenia which will provide the 'elixir of youth' to its inner circle of Templar leaders. Meanwhile, the Order invites three historians to study their archives - two historians from Cambridge and one from Harvard. The academics not only stumble on the Jerusalem plot, but also the dark secrets of the Order's spiritual activities, revolving around ancient Mithraic sacrificial practices. The very essence of evil becomes a stark reality as the three historians realise they have mistakenly become embroiled in a plot which threatens the balance of world power. www.darkknightsofthesoulbook.com.
