Createspace, United States, 2012. Paperback. Condition: New. Language: English . Brand New Book \*\*\*\*\* Print on Demand \*\*\*\*\*.This book is a compilation of thyroid disease titles I have written (43 Chapters and 87 Q As -- approx. 71,582 words in length), that cover the subjects of hypothyroid and hyperthyroid symptomology and how these are treated. People with disorders affecting their thyroid glands, often experience a variety of different problematic symptoms and complications that are not always resolved by their initial medical treatments. In these cases, specialized attention by their treating doctors is required and in most cases more diligence on the part of the patients is required as well. It is my hope that this book of compiled titles I have written regarding the more complicated thyroid disease symptoms, serves to provide a worthy educational resource for those who read it. (PLEASE NOTE: The section-titles listed below, are also available as individual books, which have been compiled together in this version.) CONTENTS: SECTION ONE (10 Chapters): Antibodies that Cause Thyroid Diseases and Symptoms SECTION TWO (5 Chapters): Cancer: A Great Concern for Thyroid Patients SECTION THREE (14 Chapters): Common Thyroid Disease Complications SECTION FOUR (5 Chapters): Neuropathy and Myopathy in Treated Thyroid Disease SECTION FIVE (4 Chapters): The Depression of Hypothyroidism (NOTE: Some lifestyle practices information regarding goitrogen foods, supplements and diet discussed in SECTION FIVE are repeated from SECTION TWO regarding thyroid cancer) SECTION SIX (5 Chapters): Medically and Spiritually Treating Chronic Thyroid Disease Anxiety (NOTE: The Spirituality aspect in SECTION SIX, is in reference to fundamental Christian viewpoints.) SECTION SEVEN (87 QAs): Eighty-Seven Thyroid Disease Questions Answered!.
