ARCHAEOPRESS, United Kingdom, 2014. Paperback. Condition: New. UK ed.. Language: English . Brand New Book. Over her career Susan Sherratt has questioned our basic assumptions in many areas of the later prehistory of the Mediterranean and Europe, deploying a canny eye for detail, but never losing sight of the big picture. Her collected works include contributions on the relationship between Homeric epic and archaeology; the economy of ceramics, metals and other materials; the status of the `Sea Peoples and other ethnic terminologies; routes and different forms of interaction; and the history of museums/collecting (especially relating to Sir Arthur Evans). The editors of this volume have brought together a cast of thirty-two scholars from nine different countries who have contributed these twenty-six papers to mark Sue s 65th birthday - a collection that seeks to reflect both her broad range of interests and her ever-questioning approach to uncovering the realities of life in Europe and the Mediterranean in later prehistory.
